

Alabama EMS Training

Meet 100% EMS CE Requirements & Centralize Training Management

The **Alabama Public Health - Office of Emergency Medical Services (OEMS)** requires EMS providers to maintain their national license through the National Registry of Emergency Medical Technicians (NREMT). The courses offered by Vector Solutions have been approved by CAPCE to meet the requirements for an EMS Professional*.

License	Hours Required	Renewal Cycle
EMR	16	Biennial
EMT	40	Biennial
AEMT	50	Biennial
Paramedic	60	Biennial

EMS CE is due by March 31st, two years from previous renewal. All hours may be taken online. Hours required per national, local/state, and individual components vary by provider level.

**It is the licensee's responsibility to verify that the course material meets their specific scope of practice and criteria required by OEMS.*

Manage All Training in Vector's Unified Agency Readiness Platform

- **EMS:** CAPCE approved CE. Role-specific trackers automatically apply CE to the correct categories to help ensure providers stay on track and complete the right courses for their license.
- **ISO:** Expertly designed training trackers aligned with ISO benchmarks capture every detail and point that ISO auditors review.
- **Centralized:** Document all training (classroom, online, live skill), monitor licenses and certifications, design training plans, and manage in-person events in one, audit-ready system.
- **Additional Libraries:** Supplement professional development, safety, and compliance training with a range of high-quality, self-paced online courses that support career growth and success.

- **Training Group App:** Digitize hands-on evaluations with the integrated live skills mobile app to accelerate skill mastery, strengthen compliance, and gain total insight into crew readiness.
