## Meet Certification And Incentive Pay Training Requirements In Kentucky–With Automated Reporting To Acadis

Vector Solutions offers an automated process of reporting training completions from our local LMS training management system, TargetSolutions, to the state's Acadis instance. There is no charge for AgencyConnect, the system which enables this real-time reporting automation.

Vector now offers an automated process of reporting training completions from our local LMS training management system, TargetSolutions, to the state's Acadis instance, to simplify your reporting process to the Kentucky Fire Commission for certification continuing education requirements and the Incentive Pay program.

- No double data entry and no documentation uploads needed.
- All training (live skills, classroom, online), ISO tracking, EMS and fire recertification CEUs and reporting for the Kentucky Incentive Pay program can be managed in one system.
- Vector's courses have been preapproved by the Kentucky Fire Commissions.

With the TargetSolutions and Acadis integration, fire personnel in Kentucky can now have a single source of truth for all their certifications and training records—from hire to retire—which not only reduces risk, but also makes it easier to access records for compliance validation, pre-requisite documentation, reciprocity needs, worker's compensation claims, educational incentive pay, and more.

Courses are subject to change as Vector Solutions updates our courses and state legislation changes mandated training requirements. Please check with your certification authorities in your state to confirm these courses meet your state's requirements.

The Kentucky Fire Commission requires courses to be pre-approved. The Vector Solutions courses listed above have been approved by the Commission to help meet continuing education requirements for the following certifications: Fire Instructor I & II, Professional Firefighter, and Volunteer Firefighter.

Vector Solutions offers over 450+ hours of courses for the fire service, including CAPCE CEU training, OSHA courses, NFPA, and more.
