

Idaho Peace Officer Training

High-quality Online Training to Help Meet Training Requirements

The Idaho Peace Officer Standards & Training (POST) mandates 40 hours of continuing law enforcement training for Idaho peace officers due biennially by December 31st. Online hours are at the discretion of the agency.

Required topic categories include:

- Firearms (8 hours)
- Arrest Techniques/Defensive Tactics (ARCON) (8 hours)
- Emergency Vehicle Operation (EVO) (4 hours)
- Legal Updates (4 hours)

Remaining hours may be in topics determined by the agency and officer. Mandated training does not require certification by Idaho POST, but non-POST approved training only counts towards basic certification, not higher levels of certification.

Idaho agencies can provide training hours for required topic categories and remaining hours with Vector Solution's catalog of online law enforcement courses, which features more than 100 courses certified by IADLEST as part of their National Certification Program.

All Training can be Managed in Vector's Unified Agency Readiness Platform

- ✓ Incorporate your field training program in the same single-login platform as the rest of your training.
- ✓ Manage all training in one unified, audit-ready platform.
- ✓ Supplement professional development with high-quality online courses from our law enforcement catalog, including current topics like Active Shooter Preparation and Response, Use of Force, and Emergency Vehicle Pursuit Operations.

100+ Online Training Courses Certified by IADLEST

Agencies can uplevel officer professional development with Vector's [100+ National Certification Program](#) (NCP) certified courses. The International Association of Directors of Law Enforcement Standards and Training (IADLEST) [NCP program](#) resolves online training quality concerns for agencies by ensuring training content meets or exceeds participating state requirements.
