# Missouri Fire Service Training

450+ Online Courses To Help Meet 6 MODFS Fire Certification Requirements, 100% of EMS CEUs, and Continuing Ed

Vector Solutions offers an automated process of reporting training completions from our local LMS training management system, TargetSolutions, to the state's Acadis instance. There is no charge for AgencyConnect, the system which enables this real-time reporting automation.

Vector's online courses also help fire service personnel meet Missouri Division of Fire Safety (MODFS) mandates for renewal hours, continuing education, and EMS CEUs.

- No double data entry and no documentation uploads needed in your local and state training management systems.

- Vector offers over 60 hours of online courses to help meet 6 fire service certifications in Missouri.

- Missouri Division of Fire Safety will credit all Vector Solutions fire courses for continuing education.

- Vector's online EMS courses help your personnel meet 100% of their CEU requirements.

With the TargetSolutions and Acadis integration, fire personnel in Missouri can now have a single source of truth for all their certifications and training records—from hire to retire—which not only reduces risk, but also makes it easier to access records for compliance validation, pre-requisite documentation, reciprocity needs, worker's compensation claims, and more.

Fire training coordinators LOVE TargetSolutions because all training (online, classroom, skills, etc.) is in one place—digital, searchable, reportable—and easy to track.

Vector Courses That Meet Missouri Division of Fire Safety Certification Renewal Requirements

Vector Course	Fire Inspectors I and II	Fire Service Instructor I and II	Fire Investigators	Incident Safety Officer
