

Acadis LMS

The Acadis Learning Management System (LMS) module helps you streamline the delivery and management of coursework from all of your SCORM*- and AICC-compliant learning content providers.

As personnel complete online courses, Acadis LMS automatically tracks their participation. The date a course was assigned, its due date, the time it took to complete, pass/fail status, and test scores—they're all automatically captured and fed into each professional's Acadis Workforce Portal for easy reference by your training management team.

In addition to supporting blended learning, Acadis LMS provides low-cost delivery of online, pre- and post- training courses. Whether you use content from your own agency or proven third-party sources, your team has a powerful resource for managing, delivering and tracking online training.

Key Benefits

Save Costs

Reduce costs by delivering classes online, saving on classroom space, instructor hours, and student travel

Automate Tracking

Track completion statistics and grades for all your personnel automatically

Gain Efficiencies

Upload and manage new coursework from multiple content providers through one central point, and aggregate all dimensions of lifelong learning in a single system

Streamline Course Selection

View available courses, filter by subject, date and course types (like Incident Command Systems or EMS), and register and complete online courses

Ensure Compliance

Develop learning plans and assign mandatory courses to all appropriate personnel all while collecting data to support legally defensible training records

Create Events

Establish online events that support sophisticated retake rules, and specify certifications to automatically confer or renew once a student successfully completes online training

Feature Comparison

Unlike generic systems, the Acadis Readiness Suite was built from the ground up to meet the unique needs of public safety and military agencies. Acadis delivers more comprehensive functionality to automate manual and time-consuming processes and eliminate fragmented, siloed systems.

Feature	Acadis®	Generic
Deliver self-paced training online – 24/7	✓	✓
Support for SCORM 2004 r4 compliant content (Backwards compatible to SCORM 1.2)	✓	✓
