# A Single Solution to Connect Your Operations

Acadis® provides a hire-to-retire training management ecosystem to manage the full range of high-volume, diverse training and compliance operations for public safety. Highly customizable, the modular system can eliminate as many as 8 different systems—and offer critical transparency that separate data management tools simply cannot provide.

## Industry-Leading Security

*Acadis® Meets All Critical Security Standards, Including:*

- FedRAMP-Authorized
- AWS GovCloud (US)

AWS GovCloud (US)

## Select Successful Clients

# Acadis® is Designed to Grow with you as your needs evolve

### Hiring / Recruiting
Identify the right candidate, manage evaluations, and streamline hiring processes with automated results.

### Training
Track individual training records beginning from the initial hiring process through separation or retirement.

### Academy Automation
Schedule, register, and modernize management of your resources and training operations.

### Testing
Get a complete view of competencies and capitalize on features that ensure secure testing.

### LMS Blended / Virtual Learning
Train your teams with your department-focused content anywhere data connectivity exists.

### Inventory
Track, manage, and certify critical resources like vehicles, firearms, service animals, and more.

### Document Management
Maintain important documents including personnel forms to support certification, lesson plans, instructional aides, and more.

### Compliance
Process new certifications, security clearances, and get quick access to your most important documents.

### Performance
Design and capture reviews and track performance against specific guidelines or job requirements.

### Internal Affairs
Automatically report and track use-of-force complaints, disciplinary claims, and employee misconduct.

### Forecasting / Budgeting
Maintain effective use of resources by forecasting areas of improvement and viewing budgets in real time.

### Dashboards
Get real-time insights and results across your organization quickly with filtered visual data for roles at all levels.

## What can Acadis® do?
