

Acadis Testing

Acadis Testing puts the information you need right where you need it. It gives you a complete view of students' test scores, range skills, physical fitness levels, and adherence to proper procedures.

Acadis Mobile allows you to easily record observed tests and practical exercises right from your mobile device, eliminating the need for pen-and-paper record keeping.

Acadis Testing is a fully integrated module of the comprehensive Acadis Readiness Suite, enabling you to scale your training and compliance operations across more functions as you are ready.

Key Benefits

Save Time

Define testing rules and save time with templates to quickly develop new tests, securely add or update test questions, and administer tests online

Measure Everything

Track written, online, and observed tests (including physical skills assessments) and transfer them automatically to personnel records

Stay on Target

Develop learning objectives for effective testing practices that ensure your class curricula is aligned to training goals—and that your training goals are aligned with your organizational directives

Optimize Evaluation

Leverage initial test, make-up, and re-take versioning capabilities, and use statistical analysis of classes, exams, and questions to improve future testing and curricula

Support Accreditation

Match learning objectives to class curricula to ensure strict adherence to accreditation standards and institutional requirements

Ensure Integrity

Capitalize on lock-down browser to prevent internet searches and use randomization features that ensure no two tests present the same questions in the same fashion

Feature Comparison

Unlike generic systems, the Acadis Readiness Suite was built from the ground up to meet the unique needs of public safety and military agencies. Acadis delivers more comprehensive functionality to automate manual and time-consuming processes and eliminate fragmented, siloed systems.

Feature	Acadis®	Generic
Learning item bank with question repository	✓	✓
Self-service importing tools enable you to easily transfer your existing test question bank	✓	
Multiple question types: true/false, yes/no, multiple choice, and multimedia questions	✓	✓
Randomize test questions	✓	
Integrated learning objectives repository	✓	
Simple test setup wizard	✓	
Easily embed written, practical, and observed tests into curricula	✓	
Track exam and question versions	✓	
Compare question validity statistics by class, student groups and historical question use	✓	
Easily combine exams across types (observed, practical, and timed) into multi-part exams	✓	
Customize print-outs using template watermarks	✓	
Granular security by individual evaluation types	✓	
Full integration with Acadis Training, Acadis Testing, and the Acadis Portal	✓	
Record observed tests directly to a tablet or mobile device	✓	
Test scores may be recorded offline and uploaded when a data connection is available	✓	
High-security system framework (FedRAMP-authorized and FISMA & DHS 4300 compliant)	✓
