# Elevate Readiness with the Top Training Platform for EMS Professionals

## Purpose-Built EMS Training, Evaluation, and Recertification Management

### Simplify EMS Training & Recertification with Vector's Unified Agency Readiness Platform

EMS agencies are accountable for clinical competency, compliance, and readiness across every provider's role. Vector Solutions delivers a purpose-built training platform for EMS organizations that brings together continuing education, hands-on skills validation, and recertification tracking, so you can reduce risk, save time, and ensure your teams are ready when it matters most.

Vector Solutions is organizationally accredited by the Commission on Accreditation for Pre-Hospital Continuing Education (CAPCE) and is the **#1 CAPCE EMS renewal vendor** for EMS continuing education. Our high-quality online courses feature scenario-based instruction and are continually updated as research, best practices, and requirements evolve.

Trusted by more than 5,000 fire and EMS agencies, Vector helps EMS agencies replace fragmented tools with a unified agency readiness platform built for EMS operations.

## TargetSolutions Training Management System

- Extensive EMS CE catalog

- Turnkey EMS training trackers

- EMS CEU completions automatically reported to CAPCE

- Integrated hands-on skills evaluations with a mobile app

### Simplified Recertification & Risk Reduction

Pre-built training trackers aligned with NREMT national and state components automatically apply CEUs to the correct categories by provider role. Get real-time reports and give providers live progress insight to prevent missed deadlines, reduce liability exposure, and ensure providers are ready to serve.

### Flexible Tools & Comprehensive Recordkeeping

Deliver custom training and materials, capture policy acknowledgements, and track requirements like driver's licenses, CPR cards, and other credentials in one place. Instantly retrieve detailed training records to support audits, leadership reviews, and management oversight.

### Hands-On Skills + Training = 360° Readiness Insight

Bridge the gap between knowledge and performance by connecting instruction to hands-on skills validation. Vector Evaluations+, the live-skills mobile app integrated with TargetSolutions, combines digitized precepting and routine assessments with CEU coursework for a complete view of readiness.
